

SUSTAINABLE COLD SOLUTIONS

CO₂ Transcritical Industrial Rack

We know the art of achieving
a perfect temperature

BEIJER REF

SCM Frigo's iMWT range provides robust, fully configurable CO₂ solutions designed specifically for industrial refrigeration applications. With customizable welded chassis construction and a comprehensive selection of control options - from standard to fully programmable controllers - the iMWT line meets diverse and demanding operational needs.

MAIN ADVANTAGES

HIGH EFFICIENCY IN ALL CLIMATES

EJECTOR FOR PERFORMANCE IMPROVEMENT

HIGH CUSTOMIZATION

HIGH COOLING CAPACITY

RELIABLE PERFORMANCE

MODULAR DESIGN

STAINLESS STEEL PIPES

Cooling Capacity
